

WEDDING EVENTS

Hot Box Honey is the premier wedding band for Vermont and New England. We provide hours of high quality entertainment for your guests. Hot Box Honey is available for wedding cocktail hours, ceremonies and reception parties. We meet with the wedding couple personally to custom tailor each set list and ensemble for their special day. We also offer custom song arrangements for any special tune selections they would like performed.

RECEPTION PARTY

Hot Box Honey keeps your wedding guests swingin' the night away with hours of dance classics including an eclectic mix of upbeat Latin, swing, funk-a-delic, soul and pop hit classics. Our full band ensemble includes drums, guitar, keys, upright/electric bass, vocals and optional horn players. Our base reception show includes up to 3 hours of performance (including 2 short set breaks). During set breaks, an mp3 set list of favorite songs provided by the wedding couple is played through our PA system.

COCKTAIL HOUR & DINNER MUSIC

Prefer a classy jazz combo for your pre-wedding cocktail hour or soft background music for the dinner? Hot Box Honey is the perfect way to wet their appetites! We also perform cocktail hours with smaller ensembles for a more nuanced atmosphere. Wedding couples often hire Hot Box Honey to begin the night with a small instrumental or vocal ensemble to play quietly during the cocktail or dinner hour, then bring out the full ensemble for the reception party.

CEREMONIAL OR PROCESSIONAL MUSIC

Hot Box Honey also provides ceremonial or processional music. We can create special arrangements for the wedding couple. For outdoor locations, our lead guitarist usually plays solo acoustic guitar (sometimes with the addition of our upright bass player and/or handheld percussion). In locations with electricity, any size ensemble including vocals is available.

CUSTOM SONG SELECTIONS

Need that special song played at your wedding? Hot Box Honey will deliver just for you! We can create custom song selections or arrangements for any song the wedding couple would like to have played at their wedding. The wedding couple will also receive a framed copy of their wedding song as a special gift. Upon request, Hot Box Honey will record a demo guitar and vocal version of a custom song choice so the bride and groom can practice dancing to it before the big day!

REPERTOIRE

Hot Box Honey has literally hundreds of songs in their repertoire that cross multiple genres, tempos and styles. Although rooted in swing, jazz and Latin rhythms, Hot Box Honey also performs the latest and greatest reggae, funk and pop hits to get the party hoppin'.
